Model	Description	Dimensions 72 x 72 x 66mm	Housing hole	Formwork flush with the ceiling for drywall, the spotlight is recessed	Formwork for masonry
	<p>Recessed flush with the ceiling Led light body in aluminum. Squared emission hole. Finish: silver grey anodized, other colors on request. Screen: transparent. It is provided with 25cm bipolar cable for the electrical connection. Indoor installation:</p> <ol style="list-style-type: none"> 1) with Ø 65mm hole directly on drywall; 2) on drywall 13mm depth, with suitable formwork flush with the ceiling, the spotlight is recessed; 3) on masonry with suitable formwork. <p>Useful depth 110mm. Assembly with torsion springs.</p>			 <p>On drywall hole 80x80mm for the insertion of the formwork CF Q80.045</p>  <p>CF.064.100</p>	

Installation on drywall

					
For application without formwork	Carry out the hole 80x80mm and insert the formwork	Fix the formwork on the drywall with two screws	Carry out the finish of the ceiling	Carry out the electrical connection respecting the polarity. Insert in position.	Final result

Series electrical connection 350mA SELV.

POLARITY: RED cable + BLACK cable -

Connection:

Connector compliant with EN 60998-2-1 standards

(FACSIMILE)

ATTENTION: Before starting all electrical connections, make sure that the power supply is not powered. If this simply rule is not respected, the lighting source will be irretrievably damaged.

Compliant with European standards
(EMC, RoHS, Ecodesign and requirements specified in the Low Voltage Directive (LVD))

CLASS III
Operating with SELV

POWER SUPPLY
By remote power supply SELV OUTPUT 350mA constant current

Separate waste collection of electric and electronic equipment
